***Theme Bibliography** Identifies additional readings, by grade level, to support the weekly themes being taught in the classroom. This is a great resource for parents who want to follow up at home with additional readings that provide meaningful connections/conversations to the work their children do at school.

**** Note:** The Macmillan Treasures program provides an abundance of resources. It is not the intent of the Macmillan program or the district to use ALL of the activities/resources identified in the online resource with every child.
