

Safety Town - At Home Program

Ages 3+

Kids are never too young to learn Safety! Safety Town "At Home" allows families to introduce important safety topics such as fire, personal safety, traffic signs, and poisons, taught in a fun and interactive way! This is a recorded program. Help your child learn and practice these safety topics to ease your mind. Learning these topics will help your child become more confident and independent in their

community. Through a story-like template, families will have access to 10 different prepared Safety Topics. Families are encouraged to navigate the topics as needed, or follow the suggested sequence. Review and reinforce each topic when needed! This program is designed to be done at your own pace.
