

Wauwatosa Aquatic Center (also known as Tosa Aquatic Center)

The Wauwatosa Aquatic Center was funded by a generous donation from Wauwatosa High School alumni John and Tashia Morgridge.

The pool consists of an 8-lane competition pool that ranges from 4'0" in the shallow end and 7'0" to 7'6" in the deep end. This pool can be accessed by ladders or chair lift. There is also a separate diving well that ranges from 10'0" to 12'6" and flows gradually into a 3'0" area. The zero-depth/diving pool can be accessed by zero-depth entry ramp, stairs and ladders.

The pool temperature will be kept between 81 and 83 degrees.

ADDITIONAL INFORMATION AND RULES

SARS-CoV-2, the virus that causes COVID-19, most commonly spreads from person-to-person by respiratory droplets during close physical contact (within 6 feet or a few inches longer than a typical pool noodle, both in and out of the water). The CDC is not aware of any scientific reports of the virus that causes COVID-19 spreading to people through the water in pools or other treated aquatic venues.

Stay home if you have a cough, fever or other symptoms of COVID-19 or GI tract symptoms (which potentially indicates other concerns such as giardia or E-coli) including nausea, vomiting or diarrhea in the past two weeks.

It is highly recommended that you wash your hands with soap and water frequently, especially after using the toilet. Additionally, please shower off before returning to the pool.
