

Wauwatosa West Athletic Booster Club Opportunities

The primary purpose of this Organization shall be to promote all athletic programs and activities of Wauwatosa West High School. We will subsidize, at the Organization's discretion, various aspects of the athletic programs which are not funded adequately by other sources. Primary consideration will be given to those items which will serve the greatest number of students. We encourage you to list ANY sport your child(ren) are considering playing.

If you have a child participating in sports at Tosa West, we need your talents and involvement in the Booster Club to help support your child's athletic experience.
