

## Highly Effective Teachers and Staff

- Promote strong relationships with staff, administration, community and Board.
- Increase effectiveness of Professional Learning Communities to improve instruction.
- Implement effective staff recruitment and retention.

## Continuous Improvement in Student Learning

- Academic and Career planning process will be utilized to ensure each student has direction in their future.
- Increase the achievement level and growth in reading for all students.
- Provide professional development opportunities for staff that increase individualized learning for all students.
- Close achievement gaps among all students.
- Improve prevention, identification and implementation efforts to address social and mental health issues that impact student learning.
- Continue to provide opportunities and support to educate the “whole child” by promoting the highest possible levels of cognitive, social, emotional, physical, and ethical development for each child.

## Sound Stewardship of Resources

- Undertake a facilities and classroom space study to determine needs for the future.
- Align budget to strategic objectives and prepare to respond to future needs.
- Maintain AAA bond rating and continue operations without short-term borrowing to meet day-to-day expenses.

## Community Relationships to Benefit Students

- Promote advocacy of legislative issues at the city, region and state levels that impact the Wauwatosa School District.
- Develop relationships with business and industry to align student learning with workforce needs.
- Ensure that students have opportunities throughout their school careers to be immersed in service-learning projects as an individual, classroom or school.
- Supply opportunities for students to interact, communicate and learn about other cultures/countries in the global community through technology and other resources.
